

# Your DEF Solution.

## Why Choose Air1®

### **Air1® is the most reliable and readily available DEF in the U.S.**

Yara's uninterrupted global supply chain model is supported by the DeliveryONE Network's nationwide reach as the largest independent fuel distributor in the U.S. Air1® is exclusively distributed and sold across 100% of the U.S. via the DeliveryONE Network. This secure supply has established agreements with the nation's largest fleets and truck stop chains.

### **Yara's, the parent company of Air1®, experience producing, distributing and servicing growing DEF markets is unrivaled.**

A market pioneer responsible for assisting in the development of DEF and its specs, Yara is the world's largest DEF producer and supplier with a proven track record of excellence in Asia, Australia, Europe, North & South America. Yara has been supplying DEF since SCR technology was introduced on trucks in 2006 and is the market leader in most parts of the world using SCR. Yara is the preferred DEF partner of key oil majors and OEMs in the U.S. and worldwide.

### **Air1® offers best-in-class customer service to help easily manage the DEF transition.**

Air1®'s local presence of certified and trained technicians with DEF expertise helps end-users get started. Air1® and DeliveryONE provide state of the art equipment to offer customers great value for the money. Air1® has an unrivaled understanding of customer needs at each stage of the DEF market.

### **Air1®'s ability to accommodate the rapid future growth of the U.S. DEF market is unmatched.**

Yara currently has the world's largest DEF production capacity and has made major billions of dollar investments to expand production capabilities. Air1® is committed to providing the industry DEF for many years to come. DeliveryONE's partnership with Yara's Air1® DEF brand is a long term relationship that has been very strong, allowing us to quickly fill customers' local orders and meet their growing bulk needs for Air1® nationwide while providing timely responses to fleets across the country adopting SCR technology and DEF.

### **DeliveryONE Network's exclusive DEF producer Yara's Air1® brand is one of the highest quality DEF products available in the U.S.**

Top quality DEF, such as Air1®, is essential if fleet operators want to maximize their SCR investments as contaminated DEF can damage vehicles. From plant to truck, Yara controls each stage of production and works with the DeliveryONE Network to oversee distribution where we leverage dedicated vehicles to ensure Air1®'s quality is never compromised. Air1® is guaranteed to meet ISO 22241 guidelines and is Certified by the American Petroleum Institute (API).
